EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Surinder Sachar on 6/13/2005. Claims 12 and 13 were amended to depend on claim 10.

The application has been amended as follows:

Claim 12, line 1, deleted "11", replaced with "10"

Claim 13, line 1, deleted "11", replaced with "10"

End.

REASONS FOR ALLOWANCE

1. Claims 1-4, 8-10, 12-18, 20, 21, 23, and 24 are allowed over the prior art of record.
2. The following is an examiner's statement of reasons for allowance: The applicants arguments filed on 5/25/2005 are persuasive. The prior art of record fails to

teach or suggest the Applicants claimed invention. In particular the feature as amended in claims 1, 9, 18, 20, and 23 comprising a specific transmission data including two distinct data types for the entire screen and a partial screen updating area part of said ordered information is not taught. Main reference Mishra et al. teaches of a method for customizing image display according to a user's preference depending on computer set up, image type, and other variables but does not explicitly teach of the described updating area part. As in claim 10, Mishra fails to teach the limitation as argued by the Applicant wherein said specific iconic display which allocates the specific page to an icon to display is missing. Therefore said feature in combination with the other limitations of the claims are allowable over the prior art of record.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
